Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermillares, no anthelminites will free the system from worms like these litters.

DEATH OF REV. HENRY D. GREEN.

In the death of Rev. HENRY D GREEN, previously announced as having occurred on the 19th of April: the country sustained the loss of a most useful, influential and beloved citizen. 'Tis true he had long past the years of his vigor and prime, and remained lingering on the shores of time, only by reason of his superior strength, and yet the power of his example and will were potent for good to the end. In early life he yielded to the great teachings of the Gospel of Christ, and as early as 1810, when in his 20th year, entered the itineracy of the Methodist Church. And although a few years thereafter he found it necessary to locate, his love and devotion to the holy calling suffered no abatement. He became a powerful and effective preacher. And although actively and successfully engaged in the ordinary business of life, he labored continuously in the

pulpit, and always with a preparation

which indicated depth of thought and

Strong, as he declaimed in burning words and fervent zeal the great truths of religion from the sacred desk, to the crowds who always flocked to his ministry; and strong in giving shape, and character and direction, to public sentiment, in who ever vitally concerned the community or State. He v , one of the strong, among the strong men of his day.

The same unflagging energy which strongly marked his character, was apparent to the end, and with a faith in God, firm and fixed and unwavering, he awaited the final summons of his Master, and met death in full hope of eternal

At the Commencement of the Diarrhora, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient,) and then bathe freely the stomach and bowels with the Pain Killer, clear.
